Dear Member:

I am very happy to report that The Fremont Golf Club is completing another successful year. We have made positive steps in all phases including finance, membership, and facilities.

All of us as members would like to see FGC improve annually. It is not always easy to determine the best way to reach that goal. However, I assure you that The Board and Management did what we felt was best. The reaction from the members has been both positive and much appreciated. Balancing the wants and needs of our members to our financial capabilities is always a struggle.

We have a WONDERFUL Club. The staff works very hard to ensure members and guests have an enjoyable experience with each visit. We have a first class golf course and we are working very hard to improve our facilities to the standards we all want and expect. The value of a membership at FGC would be hard to match anywhere in the Midwest.

The involvement and generosity of our members along with a lot of hard work by the staff has made this all possible.

In the coming year I encourage all of you to enjoy what "OUR CLUB" has to offer. It gets better every year.

Sincerely,

Robert Vering
President
Fremont Golf Club Board of Directors
